

ponta do Sol - madeira – open date 1st of April 2010
under the management of “**estalagem** da ponta do sol” and is used as an extension.

Using local materials and craftsmanship
The architects created the ground floor restaurant and reception areas and design most of the hotel Furniture, including the guest rooms. From the surroundings mountains, wood and stones Were used to make some of the objects and furniture.

Taking inspiration from the rural culture and its ingenuity ,Objects like the floor and table lamps, the plastic and Wheat straw headboard pillows or the restaurant’s ceiling Lamps reveal an unexpected and humorous wit ...

The interior design is a good example Of the “ Chic & rural” concept, developed By the well known architect and designer Duarte Caldeira.

He Combines typical and rural elements With a modern, clean and recycled decoration.

The table and floor lamps were custom made in painted and natural wood, and even the white tv matches the room colour.

Located on the historical center of the small village of Ponta do Sol, by the sea, practically falls into the ocean....

With more hours of sunshine than anywhere else on island.

The design was kept unpretentious and raw, Using simple materials like the mixture of blue Portuguese tiles in the kitchen or the front desk Reused wood.
